MESSAGE FROM THE VICE-CHANCELLOR

I am extremely delighted to provide this message on the occasion of publishing the Undergraduate Guide – Academic Year 2019/2020 compiled by the Faculty of Management and Commerce, South Eastern University of Sri Lanka. I am also pleased to welcome another batch of students to the Faculty of Management and Commerce. The

South Eastern University of Sri Lanka, a fast developing center of academic excellence in the country, is now in the process of providing facilities required for the students and empowering the graduates with skills and attributes expected by the national and global employers through combined efforts of all the stakeholders including academics and students.

Producing globally employable graduates with up to date knowledge, essential skills, positive attitudes and mindset, and empowered with English, ICT, Leadership and Soft-Skills is one of the main goals of the University. At the Faculty of Management and Commerce of the South Eastern University of Sri Lanka, without doubt, the students are molded to face the challenges of 21st Century contemporary business environments while enjoying comprehensive learning experiences.

I believe that this Undergraduate Guide will provide the students with all required information and some guidance for a successful learning at the Faculty of Management and Commerce. This Undergraduate Guide will also provide useful information on the Faculty of Management and Commerce, academic programmes the Faculty offer and other relevant details to all the stakeholders including prospective students and employers. I hope this Undergraduate Guide will be used immensely and maximum benefits will be derived by the users in achieving their goals of achieving excellence.

I would like to extend my gratitude to the editorial committee members of this Undergraduate Guide for their tireless efforts in producing a well structured and a resourceful Undergraduate Guide. I would like to wish the students of the Faculty of Management and Commerce all the success in their future endeavors.

Professor A. Rameez, PhD (NUS)
Vice-Chancellor
South Eastern University of Sri Lanka.

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

MESSAGE FROM THE DEAN

I am pleased to welcome to the South Eastern University of Sri Lanka, on behalf of the Faculty of Management and Commerce (FMC). I ensure that the faculty offers an academically sound, technologically advanced and socially conducive learning environment with a wealth of resources to the study programmes. We are so proud of you and so glad you are joining us! This guide has been produced in response to the need to provide information and guidance to the undergraduate students of Faculty of Management and Commerce to complete their degree programmes.

Currently, the faculty mainly offers two Bachelor of Honours degree programmes namely Bachelor of Business administration and Bachelor of commerce and one general degree programme, B.Sc (Management and Information technology). In the Bachelor of Business Administration programmes a student can specialize in Accounting/ Finance/ Human Resource Management/ Marketing Management/ information systems based on his or her preference and the first two years of academic performance. All bachelor's degree programmes provided by the Faculty of Management and Commerce are designed to give students a solid foundation in both fundamental and applied knowledge in various fields, as well as varieties of opportunities for skills development. Technology integration is something that both the teachers and students have been working on for a long time. The faculty has already adopted blended learning methods. The entire curriculum is constantly updated to cope with the latest developments in education and evaluation methods. It contributes to the personal development of learners and to social and economic development of the country. It also focuses on enhancing equity in higher education, training and employment opportunities. An additional benefit of all the degree programmes is the inclusion of the industrial training component that gives students hands- on experience in the industrial context. Hence, the degree holders will earn sufficient levels of knowledge, skills and competencies with the development of positive attitude.

The syllabi are constantly updated to meet the demands of the job market. Changes have been incorporated in the modifications as a result of stakeholder input. These adjustments are in conformity with the University Grants Commission's Sri Lanka Qualifications Framework (SLQF) guidelines, assuring both quality and uniformity. The establishment of the SLQF improve many aspects and processes in the learning and the methods of delivery. It also enhances the quality of education. As SLQF recognizes the volume of learning of students by credit hours and notional hours it identifies the learning outcomes that are to be achieved by the qualification holders. The faculty offers SLQF level 5(general degree) and SLQF level 6(honors degree) in the SLQF

levels and the descriptors of each of these levels are comprehensively defined. The number of credits that should be earned by students for awarding the degrees is also decided based on SLQF. The faculty adhere to the guidelines of the quality assurance manual as an integral part of the quality assurance process of the academic programmes offered by the faculty. Intended Learning Outcomes (ILOs) are well written for each degree programmes and each courses. The course capsules are given to the students for each courses in the approved format at the faculty. It describes the Intended Learning Outcome, teaching, learning methods and assessment strategy.

Accreditation procedures must be fair, objective, and open to all parties involving. As a result, we have internal and external examiners working with us. In addition, the papers are moderated by experts in the relevant subject internally or externally before they are printed for the examination. Students are allowed for any re-scrutiny if they are not satisfied with their results. So students are better ensured of quality assessment.

Prospective students are able to learn from faculty members who are internationally, regionally, and nationally known scholars. We have highly competent, well trained, highly experienced staff. They are accessible, committed to their works and responsibilities assigned to them, and passionate about their job. They always hear your concerns and suggestions on ways to strengthen and build a learning community.

As a newbie to the faculty of Management and Commerce, a prospective student, or a part of the faculty's community currently, I encourage you to use this guide book and browse our website and learn about the great learning environment, wide variety of study programs, and abundance of resources that the Faculty provides.

We believe in you and are pleased to be a part of your faculty experience.

I wish all students my best regards.

Good Luck!

Dr. (Mrs.) Sithy Safeena M.G.H
Dean
Faculty of Management and Commerce

I. SOUTH EASTERN UNIVERSITY OF SRI LANKA

I.1. Introduction

South Eastern University of Sri Lanka (SEUSL) was first established as the South Eastern University College of Sri Lanka and commenced to function from 27th July 1995. It was then upgraded to the status of a fully-fledged University, SEUSL, from 15th May 1996. There are six faculties in SEUSL at present, namely Faculty of Arts and Culture, Faculty of Management and Commerce, Faculty of Applied Sciences, Faculty of Islamic Studies & Arabic Language, Faculty of

Engineering and Faculty of Technology. All faculties except the Faculty of Applied Sciences which is located in Sammanthurai, are located in Olivil premises.

I.2. Authorities of the University

I.2.1. Minister of Higher Education

The Minister shall be responsible for the general direction of University Education and the administration of the Universities Act. The Minister may from time to time issue general written direction to the Commission as he may deem necessary in pursuance of National Policy on higher education.

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

I.2.2.University Grants Commission

University Grants Commission is a regulating body that plans, implements and coordinates Higher Education policy of the Government in accordance with National Policy. The University Grants Commission shall be responsible for the allocation of funds to Higher Educational Institutions and monitoring the expenditure of each Higher Educational Institution, and maintenance of higher academic standards.

I.2.3.The Council

The Council of a University shall be the executive body and governing authority of the University and shall consists of Vice-Chancellor, Deans of Faculties, two members elected by the Senate from its members, persons appointed by the University Grants Commission. The Chairman of the Council shall be the Vice-Chancellor who shall preside over the meeting of the Council. If the Chairman is unable to preside over a meeting, the meeting shall be presided over by a member to belected by the members present.

The Council without prejudice to the generality of the powers conferred upon it by the University Act will discharge such powers and duties to hold, control and administer the property and funds of the University.

I.2.4.The Senate

A University shall have a Senate, which is the academic authority of the University. The Senate of the South Eastern University of Sri Lanka shall consist of Vice-Chancellor, Deans of Faculties, Heads of Departments of Study, Permanent Professors, Librarian and two teachers elected by each Faculty. The Senate shall have control and general direction of instruction, education, research and examinations in the University.

I.2.5.The Chancellor

The President of the Democratic Socialist Republic of Sri Lanka shall nominate the Chancellor of each University. The Chancellor shall be the Head of the University, hold office for a period of five years reckoned from the date of his nomination, and shall, preside at any Convocation of the University.

I.2.6.The Vice-Chancellor

The Vice-Chancellor of a University shall be appointed by the President of the Democratic Socialist Republic of Sri Lanka for a term of three years who shall be the principal executive and academic officer thereof. He or she shall be an Ex-officio member and Chairman of both the Council and the Senate. The Vice-Chancellor is entitled to convene, be present, and speak at, any meeting of any other authority of the University or other body. Vice-Chancellor is also the Accounting officer of the University and responsible for the execution of policies and measures approved by the Council in relation to the University and, subject to such policies, the direction, supervision and control of the University, including its administration, and for the maintenance of discipline within the University.

I.2.7.The Dean

There shall be a Dean for each faculty who shall be a full-time officer of the University and the Academic and Administrative Head of that Faculty. The Dean is the ex-officio Chairman of the Faculty Board and an ex-officio member of the Council and Senate. The Dean shall subject to the provisions of any appropriate instrument, hold office for a period of three years reckoned from the date of his/ her election.

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

I.2.8.The Registrar

The Registrar shall be the full-time officer of the University and shall exercise, perform and discharge such powers, duties and functions as may be conferred or imposed on or assigned to him/ her by University Act or by any other appropriate instrument. The registrar is responsible for the custody of the records and the property of the University and shall be the Ex-Officio Secretary of the Council and the Senate. He/ she is also the Assistant Accounting Officer of the University and shall subject to the direction and control of the Vice-Chancellor, be responsible for the general administration of the university and the disciplinary control of its non-academic staff.

I.2.9.The Librarian

The Librarian shall be a full-time officer of the University and shall be responsible for the administration of the libraries and ex-officio member of the Senate.

I.2.10. The Bursar

The Bursar shall, subject to the direction and control of the Registrar, discharges such duties and functions while being responsible for the custody of the funds of the university and its administration.

2. FACULTY OF MANAGEMENT AND COMMERCE

2.1. Introduction

The Faculty of Management and Commerce (FMC) had two departments namely Department of Management and Department of Accountancy & Finance. The academic works of FMC were started in 1995 with four academic staff and thirty one students with two degrees, Bachelor of Business Administration (BBA) and Bachelor of Commerce (B.Com).

The faculty offered special degree programmes in Marketing and Accounting & Finance were commenced in 1999 for both BBA and B.Com students for the final year students and lecture programme was conducted at the Academic Programme Centre (APC) of SEUSL in Colombo. Further, the students were given professional training in their field of specialisation at private and public organisations.

The year 2002 marked a turning point in the history of the FMC as it restructured the fields of specialisation. The restructuring plan resulted in the formation of eight academic units that function under the departments of Management and Accountancy and Finance, offering the same undergraduate degree programmes with five fields of specialisation, namely Accountancy, Finance, Information Systems, Marketing Management and Human Resource Management. Each unit caters to the needs of all the specialisation programmes by offering courses from its academic area. In 2011 onwards the specialisation programmes are being offered only for the BBA degree. The specialisation in Marketing Management, Human Resource Management, Information Systems and Business Administration are offered under the department of Management whereas the specialisation in Accounting and Finance are offered under the department of Accountancy and Finance.

In 2008, the faculty reached another milestone with the introduction of B.Sc. in Information Technology for Management Studies, which transitioned as B.Sc. in Management and Information Technology in 2009 onwards. The Faculty also offers BBA and B.Com. General Degrees (External) through the Centre for External Degrees and Professional Learning. The faculty is committed to pursue excellence in teaching and research in the field of business management.

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

From 2010, the faculty has been offering Master of Business Administration (MBA) and Postgraduate Diploma in Management (PGDM) in order to meet the

higher educational needs of the country to ensure educationally qualified and skilled human resources available to strengthen the capacity of the industries and the nation. The MBA and the PGDM programmes have been developed especially for professionals, academics and executives.

To ensure the external exposure of our graduates, the faculty maintains linkages with other universities and private and public-sector institutions. The graduates of FMC are able to face challenges in global business environment and they have been successful in gaining employment opportunities locally as well as internationally.

The goals of the faculty are integrated with the outcomes of the SEUSL Corporate Plan. The faculty plans to introduce a number of new initiatives to achieve its objectives to meet those goals. The new initiatives include comprehensive curriculum revisions in all subjects, creation of opportunities for enhancement of professional skills of students, efforts to increase research activities, increasing graduate enrolment and strengthening relationships with industries and universities locally and overseas.

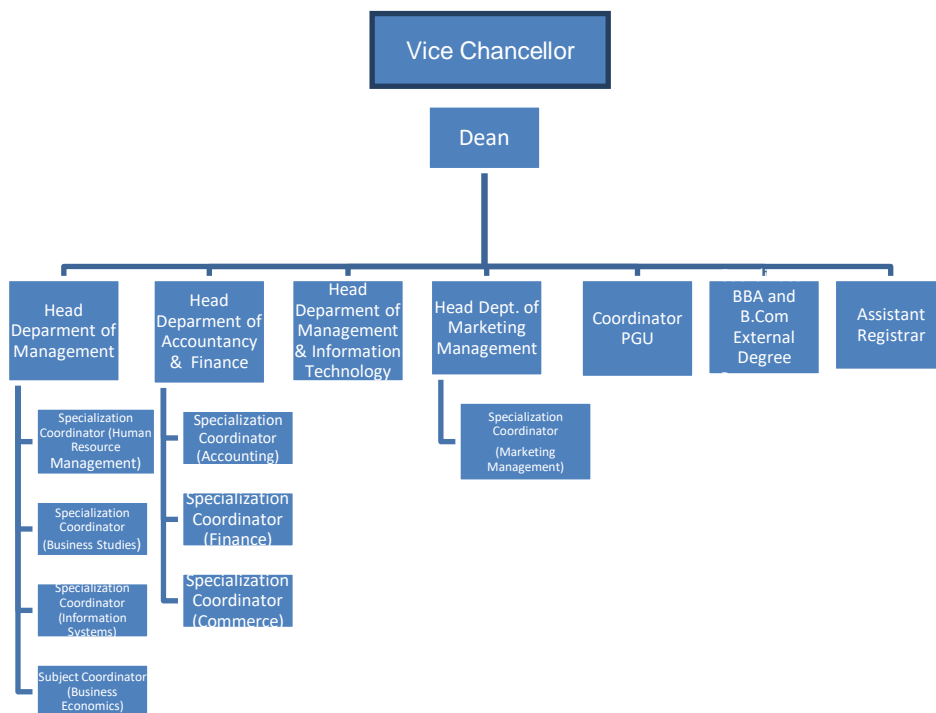

In 2014, the faculty reached another milestone the faculty got the approval for

the new Department of Management and Information Technology. Finally, Department of Marketing Management was established in 2019. At present, the faculty have four departments and one unit namely Department of Management, Department of Accountancy and Finance, Department of Management & Information Technology, Department of Marketing Management and Postgraduate Unit.

The major concern during the next five year period would be structuring of the existing degree programmes and commencement of new degree programmes, join major degree programmes and postgraduate degree programmes in highly demanded fields.

2.2. Organisational Structure of the Faculty of Management and Commerce

The academic and administrative activities of the FMC are governed by the Dean of the Faculty and the Departments and the Units of Studies shall come under the purview of the Dean. The Heads of the Departments are responsible for overall academic and administrative duties at the department level. Coordinators for Specialization shall be responsible for teaching, research, examination and other relevant academic matters of the concern specialisation programme. Assistant Registrar attached to the faculty assists the Dean and the Faculty's administrative activities.

2.3. Faculty Board

2.3.1. Faculty Board Members

The Faculty Board shall exercise and perform such duties and functions, subject to the control of the Senate in regulating matters connected with teaching, examination and research in the Faculty. The Chairman of the Faculty Board shall be the Dean. If the Chairman is unable to preside over a meeting, the members present shall elect a Head of a Department to preside the meeting. The Faculty Board shall consist of the Dean, all Senior Professors, Professors, Associate Professors, Senior Lecturers, Lecturers, Lecturers (Probationary) (two elected members), two members of the permanent staff attached to the Faculty and who are imparting instructions (two elected members), two students elected by the students of the Faculty from among their number, three persons not being members of the staff of the University elected by the Faculty Board among persons of eminence in the areas of study relevant to the Faculty.

Works Aide, Grade - III

Postgraduate Unit

Mr. A.M. Nazvi
Management Assistant, Gr. – III

Mr. MS. Hameelullah
Works Aide, Grade – III

3. STUDY PROGRAMME

3.1. Introduction

The Faculty of Management and Commerce offers the following degree programs:

- a. Bachelor of Business Administration (Honors) Degree**
- b. Bachelor of Commerce (Honors) Degree**
- c. Bachelor of Science in Management and Information Technology (General) Degree**

The faculty offers a general degree programme of 3 academic years duration and special degree programme of 4 academic years duration.

The study programme is based on the semester system and an academic year comprises 2 semesters. A semester consists of 15 weeks of academic activities. Thus, a three year General Degree programme will consist of six semesters of study and Special Degree programme will consist of eight semesters of study. The academic calendar of a semester is usually as follows.

15 weeks	Academic Activities
1 week	Mid-semester Vacation
2 weeks	Study Leave
3 weeks	End-semester Examinations

3.1.1. Specialisation Programme

Students admitted to the Bachelor of Business Administration programmes can specialise in a field with strong commitment to a particular discipline, and it allows a student to pursue an in-depth study of the subject area. The following specialisation programmes are offered by the faculty:

- ✦ BBA (Specialisation in Accounting)
- ✦ BBA (Specialisation in Finance)
- ✦ BBA (Specialisation in Human Resource Management)
- ✦ BBA (Specialisation in Marketing Management)
- ✦ BBA (Specialisation in Information Systems)
- ✦ BBA (Special)

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

3.1.2. Changing specialisation programme

If a student wishes to change the specialisation area of the degree programme, it will be allowed only during the first months from the commencement of lectures of the specialisation programme of the semester-I of the academic year (Subject to the pre-requisites for admitting students to BBA specialization programmes given under the section 3.6 below), a request for changing the specialisation programme shall be made on a written request to the Dean through the Head of the respective department and subject coordinator. The Late request shall not be entertained.

3.2. Medium of Instruction

The medium of Instruction for BBA degree programme is English and Tamil whereas B.Com and B.Sc. in MIT degree programmes are conducted only in English medium. The medium for BBA specialisation in Accounting, Finance, HRM, Marketing Management and Information System are conducted only in English.

3.2.1. Changing the medium

A student who wishes to change the medium of instruction should make a written request to the Dean through the Head of the department for approval of the Faculty Board before beginning of the first semester of the second year lecture programme. The Late request shall not be entertained.

3.3. Course Unit System

As mentioned in section 3.1, the University academic year consists of two semesters; each semester has fifteen lecture weeks' duration. The teaching programme during each semester is divided into two segments with breaks in between. The course of studies consists of lectures, tutorials, practical works, fieldworks and seminars. During each semester, a student will attend a specified number of hours of lectures, tutorials and practical work per Course Unit.

During each semester, assignments and tutorials are assigned by the lecturers concerned and the marks scored are added with the marks obtained at the end semester examination.

A course unit lasting a full semester is 15 weeks. The contact hours per credit is fifteen hours of teaching or thirty hours of practical works/fieldwork per semester. The dissertation or project will carry six credit points. At the end of each semester, the student shall sit for one written examination per course unit he or she has offered during that semester. A student will be eligible to sit for the semester examination only if he or she has maintained at least 80% attendance of all academic activities.

3.4. Course Notation

Course Notation consisting of three letters and five numbers is used to identify the Course Units. The first three letters indicate the Letter Code of the principal subject. The first digit of the five numbers indicates the Year of study. The second digit indicates the Semester. The third and fourth digits indicate the Identification Number assigned to the particular course. The last digit indicates the credit value of the course unit.

Example: MGM 11013

- | | |
|-------------------|---------------------------------------|
| MGM | - Field of relevance |
| First 1 | - Year (1 st year) |
| Second 1 | - Semester (1 st semester) |
| Third & Fourth 01 | - Subject number (01) |
| Fifth 3 | - Credit (3 credit course) |

3.5. Degree Programme and Course Scheme

In order to earn a Bachelor of Business Administration (Special) Degree, a student must complete 124 credits in four academic years, to earn a Bachelor of Commerce (Special) Degree a student must complete 124 credits in four academic years whereas to earn a Bachelor of Science in MIT, a student must complete 97 credits as tabulated below.

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

Name of Degree	Year of Study	Core Subjects	Elective Subjects	Total Credits
BBA (Special)Degree	Level 1	32 Credits	-	124
	Level 2	34 Credits	-	
	Level 3	26 Credits	6 Credits	
	Level 4	26 Credits	-	
B.Com (Special)Degree	Level 1	29 Credits	-	124
	Level 2	33 Credits	-	
	Level 3	36 Credits	-	
	Level 4	26 Credits	-	
B.Sc. in MIT (General)Degree	Level 1	35Credits	-	97
	Level 2	34 Credits	-	
	Level 3	28 Credits	-	

3.6. Pre-Requisites for Admitting Students to BBA Specialisation Programmes

Students are admitted to follow Specialisation Programme at the beginning of the third year of their studies. The admission to the above course will be given based on the performance of the students in specific course units of First and Second years, and the availability of places for the courses of study. Any student who wishes to follow a Specialisation programme should apply for it. The minimum requirements for Selection to Specialisation Programmes are given below.

- o Should have obtained a GPA of not less than 3.0 (B or higher grade) for the required course units specified for a particular specialisation programme, and;
- o Should have obtained a GPA of not less than 2.3 (C+ or higher grade) in General English - I, or General English - II or Business Communication in the First or Second year.
- o If there are more applicants than the maximum number to be admitted to a specialisation program, students will be selected in the descending order of the GPA until the quota is filled. The maximum ceiling for specialisation will be decided based on the demand and the facilities in the faculty. Students have to indicate their order of preference in respect of all five areas of specialisation.

3.6.1. Required course units for the selection of Specialisation Programme

Specialisation Programme	Course Unit
Finance	FIM 22013 - Financial Management
Accounting	ACM 12013 - Financial Accounting
Human Resource Management	HRM 22023 - Human Resource Management
Marketing Management	MKM 22013 - Marketing Management
Information Systems	ISM 12023 - Computer Literacy and Applications

For example:

Those students who have scored a minimum GPA of 3.0 (“B” or higher grade) in Marketing Management and a minimum GPA of 2.3 (“C+” or higher grade) in General English - I, or General English - II or Business Communication will be admitted to pursue specialisation programme in Marketing Management.

3.7. Core and Elective Course Units

The students are required to complete course units that are compulsory for a given degree programme. All the course units in the first two years of the common programme are Core Course Units and in the third year of the study programme, apart from the Core Course Units, students have to choose a course unit out of two Elective Course Units. An Elective Course Unit may be from any approved area of study, other than the core course units. All special degree programs require a minimum of six credit points of Elective Course Units.

For example, for the BBA Finance Specialisation programme, *ACM 31053 Advanced Financial Accounting* is a Core Course Unit, and *ACM 31083 Taxation and ACM 31043 Computer Application for Accounting* are Elective Course Units, where a student may select only one of the two elective course units.

MGM 41211 - CAREER GUIDANCE & DEVELOPMENT - II

Objective of the course is to provide a broad understanding of how organization function and consolidates the Knowledge obtained during the first year and adds new skills and knowledge needed to prepare the student for a career in a chosen sector.

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

The Course contents: Understanding organizations and how they function: Roles and functions of managers; Understanding management styles and getting along with your supervisor; Organizational culture/ climate, Understanding leadership and its role in modern organizations, Understanding effective team work: Synergy; Resolving team conflict, The concept of emotional intelligence.

ACM 31073 - AUDITING

The objective of this course is to test the knowledge and skills of the theories as well as the practical aspects of Auditing.

The Course contents: Definition, Need for Audit, Scope and Limitation, Techniques of Audit, Type of Audit, Qualification; Internal Control; Introduction, Types of Internal Control, Internal Check, Auditing Working Papers, Sri Lanka Auditing Standards, International Auditing Guidelines; Practical Auditing; Audit Programme, Vouching, Verification of Assets and Liabilities, Auditing of Limited Liability Company; Appointment, Qualification, Duties & Responsibilities, Auditor General; Appointment, Qualification, Duties and Responsibilities, Auditing Practice, Problem sand Case Decision, Investigation of Accounts; Computerized Auditing.

ISM 31043 - COMPUTER SOFTWARE AND APPLICATIONS

The objective of this course is to provide a clear and straightforward approach to the computer software and application software.

The Course contents: The course consists of two modules; One theoretical module and two practical modules. The theoretical module provides a comprehensive knowledge on the basic two types of software, application software and system software, used in a computer system. The practical components of this course basically aim at two aspects. First MS-ACCESS will be used to provide necessary knowledge on the use of databases and database management. Second MS-POWERPOINT will be taught in order to develop the ability to create presentation.

ACM 32093 - COMPUTERIZED ACCOUNTING SYSTEM

The objective of this course is to provide the students with knowledge and skills required for the use of computers for accounting in the modern business environment, using popular financial software available at present, and enable them to use the computer as an effective tool for accounting and decision making, compared to the manual system.

The Course contents: Introduction to CAS; Main Functions involved in the Financial Software; Electronic Calculation for Accounting Activities; Budget Preparation; Break Even Analysis; Creating Business Chart; Analyzing Internal Rate of Return and Net Present Value; Introduction to Double Entry Financial Packages; Main Menu Systems of the Package; Chart of Accounts; Generate Number Code for the Accounts; Moving

Toward the General Ledger; Entering Journal Entries and Transaction; Set Up the Activity Reports, Manufacturing and Profit and Loss Account and Balance Sheet; Clearing Suspense Accounts and Audit of the Account Applied in the Package.

ACM32103 - ACCOUNTING THEORY AND STANDARD

The objective of the course is to provide a comprehensive knowledge in accounting theories, financial reporting framework and provide in-depth knowledge in the application of selected Sri Lanka Accounting standards.

The Course contents: Generally Accepted Accounting Principles; Introduction to IFRS and IFRS setting process, Framework for the preparation and presentation of financial statements; Contemporary Theories in Accounting; Sri Lanka Accounting Standards; LKAS-01; Presentation of Financial Statement, LKAS-02; Inventory, LKAS-07; Statement of Cash Flows, LKAS-12; Income Taxes, LKAS-21; The effects of changes in foreign exchange rates.

ACM 32123- STRATEGIC MANAGEMENT ACCOUNTING

The objective of the course is to provide a basic knowledge of strategic management and to provide a comprehensive knowledge in preparing information for strategic management and to introduce the latest management accounting techniques.

The Course contents: Appraising the Environment; Impact on the Organization of Changing National and International Influences, Impact of International Market Integration on the Transfer of Goods, Services and Labour; Establishing the Corporate Objectives; Organizational Mission, Aims, Goal and Objectives, Long Term (Strategic) and Short Term (Operational) Objectives, Quantitative and Qualitative Evaluation, Application of Decision Theory, Problems of Achieving Balances, Growth and Development, Internal and External Factors Affecting Decisions; Implications of Short-term; Position Appraisal and Analysis; Identifying the Organization's Strengths and Weaknesses, Opportunities and Threats, Identification and Quantification of the Planning Gap, Closing the Planning Gap Through the Identification and Evaluation of Alternative Courses of Action, Improved Efficiency; Improved Product(s) or Service(s), Introducing New Products; Entering New Market, Merging or Acquiring with Other Organizations, Use of Alternative Strategies, Quality as a Strategic Variable, Its Implementation and Management, Performance of Cost, Profit and Investment Centre Using Financial and Non - Financial Measures, Impact of Changing Price Levels on Current Performance and Future Projections, Strategic Management of Market Mergers, Acquisitions and Divestments.

ISM 31053 - SYSTEM ANALYSIS AND DESIGN

The objective of this course is to analyze of an existing system and design a new system. This course introduces skills that students will meet to work in a highly competitive computer integrated business environment. The course provides the students with the

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

skills to identify business problems which may be sought by technology based solution determine requirements for information system solution and develop detailed design which form the basis for implementing system.

The Course contents: Software Development Life Cycle, Analysis of Existing System and New System Requirements Gathering and Specification, Strength and Weaknesses of Different Approaches, Analysis Techniques, Communication with Users, Notation and Tools and System Documentation.

ISM 31063 - VISUAL PROGRAMMING

The objective of this course is to create visual graphical user interface. This course provides an introductory level treatment of major concepts in visual programming. It will be backed by the supplementary understanding of procedural programming techniques, which are useful for understanding the event driven object oriented programming (OOP) languages such as Visual Basic and Java.

ISM 32083 - MATHEMATICAL PROGRAMMING

This course is designed to prepare undergraduate level students specializing in the field of Information Technology to gain higher level competency essential to Mathematical Programming techniques to a wider range of practical situations covering various discipline of management.

The Course contents: Advance Topics in Linear Programming, Integer Programming Dynamics (Multi Stage Programming), Decision Theory and Games with Management Application.

ISM 32093 - DATABASE DESIGN AND DEVELOPMENT

This is a specialized course in Database Design and Development. The course consists of two modules. Module - 01 is theoretical and covers importance of the databases to different user group, database development process, different modeling techniques and database designs and development and accessibility, data/ database administration and data warehousing. Module - 02 the practical component, covers the usage of structured query languages. (SQLs) on different database platforms.

ISM 32103 - WEB BASED APPLICATIONS

The objective of this course is to create professional Web based applications. This is a specialized course that provides a comprehensive theoretical and practical knowledge in the area of Web based applications.

The Course contents: The course consists of two modules. Module - 01 is theoretical and covers the Basic Concepts of Internet Communication, Web Enable Search Tools, Scripts and Programming Languages and Hyper Text Markup Language (HTML). This course is primarily designed to give an in-depth coverage of Web Based Applications Development Using Java. Module - 02 the practical component, involves the Design and Development of Effective Web Pages and Web Based Applications.

ISM 32153 - INFORMATION TECHNOLOGY MANAGEMENT

This is an advanced course, which deals with the management of information technology. In addition to the theory, special attention will be paid for case studies with the aim of discussing issues of information technology (IT).

The Course contents: Managing information resources and technologies, global information technology management, planning for business change with IT, implementing business change with IT, security and control issues in information technology system, and ethical and societal changes of information technology.

ISM 41123 - SOFTWARE ENGINEERING

This is a specialized course on Software Engineering that focuses on the Principles of Software Engineering, with an emphasis on the practical aspects of constructing large-scale software systems.

The Course contents: Introduction to Software Engineering, Software Process, Software Requirement, Analysis and Specification, Software Design, Coding, Testing, Software Maintenance, Computer Aided Software Engineering (CASE), Software Quality. Introduction to Object Oriented Software Engineering.

ISM 41133 - INFORMATION AND COMMUNICATION NETWORK

This is an advanced level course that deals with the modern network technologies in common use today.

The Course contents: Communication Technology, Communication Standard and the Importance of Inter Connecting Network of Different Standard. This course also provides the essential knowledge to make informed decisions regarding the selection, purchase, installation and maintenance of local and wide area networks.

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

ISM 41143 - ADVANCED RELATIONAL DATABASE MANAGEMENTSYSTEM

The objective of this course is to provide a strong background and understanding of relational databases, Procedural Language (PL/SQL), Advanced PL/SQL, Database Transaction & Recovery, Database Security and Data Warehousing & Data Mining. Hands on training will be provided to use PL/SQL to manipulate the database. The participants will learn the PL/SQL syntax, and functionalities. In addition to this Database Designing techniques will be taught using Developer kits and Database Languages.

The Course contents: Introduction to PL/SQL & Variable Declaration in PL/SQL; Writing Executable Statements in PL/SQL; Interacting with the Oracle Server; Writing Control Structures; PL/SQL Cursors; Exception Handling; Database Triggers; Database Transaction & Recovery Process; Database Security; Client Server Computing; Distributed Database; Data warehousing & Data mining.

BEM 31033 - LABOUR ECONOMICS

This is a course whose focus is macro level being a special field of economics. The course aims at imparting knowledge, developing skills and attitudes in respect of economics of labour.

The Course contents: introduction and overview; the theory of individual labour supply; labour force participation rates and hours of work; labour quality; the demand for labour; wage determination and resource allocation, labour unions and collective bargaining, the economic impact of unions; government and the labour market; mobility, migration, and efficiency; labour productivity; labour's share of the national income; employment and unemployment; inflation- the role of labour markets; labour in the communist economy; and special labour issues in Sri Lanka.

HRM31033 - LABOUR LAW AND INDUSTRIAL RELATIONS

This course has two modules focusing on Labour Law and Industrial Relations. The objective of Labour Law modules is to provide an adequate knowledge of and skills in various legal aspects that affect HRM in organizations with special reference to employment law of Sri Lanka.

The Course contents: All the laws that are effective in Sri Lanka. The objective of second module is to provide a general understanding of theory and practice of Industrial Relations (IR) with special reference to Sri Lanka. The topics include concept of IR; IR system, theories of IR; trade unions; unionization; workers' participation in trade union activities; workers participation; joint consultation; collective bargaining; and enhancement of IR in Sri Lanka.

HRM31043 - HUMAN RESOURCE PLANNING AND STAFFING

This specialized course provides a deep knowledge of human resource planning and staffing in organizations while developing relevant skills and right attitudes.

The Course contents: Job analysis for selection purposes; forecasting future demand for human resources; estimation of human resource supply; calculation of net employee requirements; strategies in human resource surpluses and shortages; recruitment theory and practice; selection process; development and use of written tests; constructing objective test items; use of commercial tests; constructions and uses of essay-type tests and performance tests; interviews in selection; evaluating training and experience; character evaluation in selection; medical tests in selection; internal staffing theory and practice; and hiring and induction.

HRM32053 - HUMAN RESOURCE DEVELOPMENT

The main objective of this specialized course is to impart both conceptual understanding and job-oriented practical understanding with regard to development of Human Resources at work. It focuses on a systematic and scientific approach to the analysis and handling of issues in Human Resource Development (HRD) with especial reference to organizational context (micro level).

The Course contents: Learning, induction, training, development, careers and career planning, and preparing people for change. Some macro level issues of HRD are also covered.

HRM32063 - PERFORMANCE APPRAISAL

This is a specialized course that aims at providing a systematic and rational understanding of employee Performance Appraisal (PA), both conceptual understanding and job-oriented practical understanding. The focus is on the analysis and handling of issues in PA in systematic and scientific way.

The Course contents: HRM and PA; Definition, Nature and Importance of PA; Purpose of PA; PA as a process; PA Policies; PA Criteria and Standards; Methods of PA; PE Form and Procedure; Training of Appraisers; PA Feedback; Review and Renewal of PA system, Some Issues of PA such as maintaining documentation, minimizing appraiser errors, group evaluation, top management support, strategic issues etc.; Expatriate PA; Development of a Dynamic PA System; Performance Management; Sri Lankan PA Practices; and the future of PA and trends in PA.

HRM32073 - MANAGEMENT OF EMPLOYEE HEALTH AND SAFETY

This is a specialized course providing a deep conceptual understating as well as a material practical understating with regard to employee health and safety management that is a very important HRM function.

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

The Course contents: Occupational health and safety in organization; hazards to health and safety; occupational accidents; occupational diseases; occupational stress; legislation on occupational health and safety; notification of industrial diseases and accidents; fitness for work; strategies for improvement; legislation relating to workmen's compensation; organizing and staffing for health and safety; and assessment of health and safety management.

HRM32083 - COMPENSATION MANAGEMENT

This is a specialized course whose objective is to provide a systematic and rational approach to the analysis and handling of issues in Compensation Management (CM) with special reference to Sri Lanka. It focuses on three major areas of CM, i.e., pay management, incentives management and welfare administration.

The Course contents: Basis of CM; job evaluation; pay surveys; job pricing; individual pay adjustments; performance-related pay; various incentive plans; principles of welfare administration; and various benefit programmes.

HRM41093 - INTERNATIONAL HUMAN RESOURCE MANAGEMENT

This course is about HRM in international perspective. It focuses on the study of international aspects of HRM in a systematic way.

The Course contents: Overview of IHRM; Internationalization and HRM; International HRM Approaches; Expatriate Failure; Management of Expatriates; Expatriate Recruitment & Selection; Expatriate PA; Expatriate Training and Development; Expatriate Reward Management; and International Labour Relations.

HRM 41103 - WORK PSYCHOLOGY AND COUNSELING

This specialized course aims at providing conceptual and practical knowledge, skills and appropriate attitudes in respect of work psychology and counseling.

The Course contents: Meaning and scope of work psychology; principles; applications of work psychology; individual differences; perception; fatigue, monotony and boredom; reduction of fatigue and monotony; social psychology at work (nature, scope, development, methods, socialization, the behavior of working groups etc.); introduction to counseling; a model; counselor's attitudes (respect, genuineness, concreteness, empathy, self-disclosure); confrontation and immediacy; counseling process; becoming yourself; personal adjustment; self-actualization; superego and conscience; professional ethics; group counseling; and special areas in counseling.

HRM 41113 - HUMAN RELATIONS

The objective of this course is to provide a systematic and rational knowledge of basic concepts and major topics in human relations in organizations while developing

relevant skills within participants.

The Course contents: Human needs, motivation; motivation theories and models; employee morale; communication; leadership; group dynamics; conflicts and their resolution; positive political skills development; cross-cultural relations and diversity; customer satisfaction; ethical behavior; and religious behavior.

HRM 41123 - TOTAL QUALITY AND HUMAN RESOURCES

The objective of this course is to provide a systematic and rational knowledge of basic concepts and principles and major topics in total quality and human relations in organizations while developing relevant skills within participants.

The Course contents: Meaning of quality; importance of quality; Total Quality Management (TQM) and the evolution of TQM, benefit of TQM; quality costing; some common failings of senior management; motivating managers to accept and promote TQM; managing the process of organizational change; team building for quality; involvement at work; the Japanese approach to TQM; and HRM and TQM.

MKM31023 - MARKETING ENVIRONMENT

The objective of this course is to explore how the activities of the organization are structured to identify marketing role within those structures and to recognize the different types of the organization which operates in the domestic and global environment.

The Course contents: Introduction to Organizational Goals Growth and Structure, The Micro Environment; The Nature of the Micro Environment, The Microeconomic Environment, The Legal Environment, The Social Responsibility of the Organization; The Macro Environment, Introduction to Macro Environment, The Political Environment, The Macro Economic Environment, Macro Economic Objective and Policy, Demography Society and Technology, The Global Environment; International Trade, Global Operations.

MKM 31033 - MARKETING RESEARCH AND INFORMATION SYSTEM

The objective of this course is to provide an understanding of the role which marketing information systems plays in the various activities of marketing, especially in the planning and forecasting of marketing.

The Course contents: Concepts and Components of Marketing Information System; Developing Marketing Information System; Nature of Information for Marketing and Sales; Internal Record System; the Role of Management Accounting in the Missals Reporting System; Interpretation of Financial Statement; Marketing Research Applications; Marketing Research System; Marketing Decision Support System; Marketing Information System & Technology; Forecasting Information.

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

MKM 31043 - BUSINESS TO BUSINESS AND SERVICE MARKETING

The objective of this course is to cover the basic functions of Business to Business and Service Sector Marketing, to provide an understanding of the management process in the Business to Business and Service Marketing and to make a special attention on domestic situations of B to B & Service Marketing activities for the successful operations.

The Course contents: Introduction to Business to Business Marketing; Marketing Environment for B to B Marketing; Understanding the Market for B to B Marketing to B Marketing Mix; Introduction to Service Marketing; The Marketing Mix for Service Marketing; Service Marketing Management; The Scope and Range of Service Marketing; The Service Economy; Classification of Service; The Development of Service Marketing; International Service Marketing; Understanding the Market for Service; Organization for Service Marketing; The Role of Marketing in the Service Organization; Marketing Planning for Service; Service Quality.

MKM 32052- CONSUMER BEHAVIOUR

The objective of this course is to provide the students with an understanding of the complexity of consumer needs and the wide range of social, cultural & economical factors, which influence consumer behavior.

The Course contents: Introduction to Consumer behavior; Consumer Research, Consumer as an Individual; Consumers in their Social and Cultural Settings; Consumer's Decision - Making Process; Consumer Behaviour and Society.

MKM 32062- BRAND MANAGEMENT

The objective of this course is to understand the process in the design & development of a product, analyze the impact of changes in products and product design in relation to the commercial environment, understand the product branding process and identify the role & responsibilities of product and brand management.

The Course contents: New Product Development; the Process; Creativity and Innovation; Recognition of Organizational Champions; Product Life Cycle and Its Concepts; Alternative New Product Strategies; Product Policy Formulation; Corporate Product Strategy; Demand and Sales Revenue Analysis; Test Marketing, Scanning and Testing Process; The New Rules of Brand Management; Understanding Branding Process and Brand Identity; Sustaining Brands Long Term; Brand Extension; Multi Brand Portfolios; Handling Name Changes and Brand Transfers; Decline, Aging and Revitalization; How Consumers Choose Brands.

MKM 32073 - SALES MANAGEMENT

The objective of this course is to understand the importance of selling and sales

operations in marketing management, to analyze and explore the sales functions in the wider commercial environment and to identify the role and responsibilities of Sales Manager in terms of good management of human and physical resources.

The Course contents: Development and Role of Selling in Marketing, Sales Strategies, Sales Techniques, Sales force Management, Sales Ethics, Sales Forecasting, Sales Budget Preparation, International Sales Management, Managing the Sales Office.

MKM 321 I 2 - STRATEGIC MARKETING MANAGEMENT

The objective of this course is to enable the students to develop a sound theoretical and practical understanding of marketing planning and control, to enable student to understand the theoretical concepts, techniques and models that underpin the marketing planning process and enable students to justify their strategic decision and recommendation.

The Course contents: Market Led Approach to Planning; Adopting a Market Led Orientation, The Strategic Marketing Process; Analysis; External Analysis, Internal Analysis; Techniques for Analysis and Strategy Development; Techniques for Developing a Future Orientation Auditing Tools; Strategy Formulation and Selection; The Strategic Intent, Approaches to Creating Strategic Advantage, Developing a Specific Competitive Position, Strategic Marketing Plans; Implementation and Control; Key Elements of Implementation, Key Element of Control.

MKM 41083 - PUBLIC RELATIONS AND CUSTOMER RELATIONSHIP MANAGEMENT

Students will be able to understand the importance of public relations as promotional tool and to understand strategic role of CRM.

The Course contents: Public Relations and its role in organization, Marketing Public Relations and Strategic Perspective, Program Planning, Relationship marketing, Customer Relationship Management, Principles of customer research.

This course includes General Management: Introductory Concepts, Organizational Planning, Organizing for Efficiency, Staffing: Management of Human Resources, The Directing Function, and Principles of Controlling.

MIT 11023 - INTRODUCTION TO INFORMATION TECHNOLOGY

Information Technology has been identified as a knowledge area that should be acquired by all the students preparing for entire degree program and practical life. The objective of this course is to make the students aware of the importance of the IT and giving basic understanding of concepts and applications of IT.

This course includes Introduction to Information Technology, Information Technology and Information System, Fundamentals of Computer System, Data representation, The Micro computer system unit, Input, Output devices, Storage Devices, Operating System, Data communication system, Network and network Technologies, Internet and its Technology and Computer Virus.

MIT 11033 - COMPUTER APPLICATIONS FOR OFFICE ENVIRONMENT

Computer Applications for Office Environment is a very important course, which should be acquired by all first-year students to prepare themselves to do their all course works throughout the entire degree program and a practical life. The main objectives of this course is to train the students to work with PCs efficiently and giving basic knowledge on the office applications that could be used by them on their entire academic and practical life.

This course includes ideas on how the students can use PCs effectively and efficiently, train the students to use Computer Application Packages to reduce the paper work, increase the speed and accuracy of day to day work, giving practical knowledge to use of common application packages such as use MS Word as a Word Processing Application, create spreadsheets in MS Excel, design and develop presentations using MS PowerPoint.

MIT 11043 - MATHEMATICS AND STATISTICS FOR IT

The goal is to make students mathematically literate in preparation for studying a

computing discipline. The course covers indices and logarithms, sets, Logic, Relations and Function, Function, Boolean Algebra, Techniques of Counting, Probability, and Matrixes.

After successfully completing this module the student should Apply the mathematical (matrices, sequences, series, vectors, differentiation and integration) and statistical (random variables, discrete, and continuous probability distributions) concepts easily in some of the modules covered in the second and third year of the degree course.

This course includes Indices and logarithms, Sets, Logic, Relations and Function, Function, Boolean Algebra, Techniques of Counting, Probability and Matrixes, and basic statistics.

MIT I I053 - FUNDAMENTAL OF PROGRAMMING

Objectives of this course are to provide the participants with in-depth knowledge and skills in fundamentals and programming Techniques for MIT Students and those who are interested in learning the fundamental and Programming Techniques.

This course includes Introduction to Computer Programming, Introduction to Java Development Kit (JDK), Fundamentals of Java Programming, Operators in Java, Flow Control, Program Design Techniques, Arrays, Object Oriented Concepts and Techniques, String Handling and Error Handling in Java.

MIT I I063 - ENGLISH FOR INFORMATION TECHNOLOGY

The overall aims are that the students should produce and be able to correct sentences so as to indicate control of the structures. They should be able to read and understand narrative and descriptive passages up to a vocabulary of 3,000 words at an average reading speed of 200 wpm. Students should be able to communicate confidently in English. They should be able to write narratives and descriptions clearly and succinctly, and present and develop arguments coherently and concisely. They should be able to write letters, memos, messages, notices, reports etc.

The course content: Grammar-Sentence Structure, Word Classes, Articles, Tense; Reading - Extracts from texts, Stories/Poems, Sales Literature, Catalogues, Bibliographies, Indexes, Dictionaries, Encyclopedias; Writing - Maintaining a Diary, Routine, Description of People, places, objects, Expanding Sentences, Paragraph Writing, Relaying Telephone Messages, Filling Forms, Informal Letters, Formal Letters, Short Reports; Oral & Listening - Describing people, places, objects, Narrating Stories, Interpreting a Table, Presenting facts, data, and information, Describing one's experience, Enacting a dialogue, Enacting a telephone conversation, Listening to short/ long conversations, Listening to mini talk/ lecture.

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

SLA 11012 - SINHALA LANGUAGE - I (FOR TAMIL SPEAKING STUDENTS)

This course unit provides the Sinhala Language knowledge for the Tamil speaking students and gets the Sinhala Language Fluency for easy communication.

The Course contents: Introduction of the alphabet and letter formation, Recognizing the difference between the two languages comparatively, Studying the changes occurring in the formation of letters when combining vowels with consonants and learning their correct usage, Studying the subject verb agreement, Studying the classification of nouns, Verbs and their classifications, Prepositions and their correct usage, Studying the common Affixes in Sinhala language, The “case”, and Terminology used in the subject of Commerce and Management.

TLA 11012 - TAMIL LANGUAGE - I (FOR SINHALA SPEAKING STUDENTS)

The objective of the course unit is to introduce Tamil Language at a basic level, to give the knowledge about the basic Tamil Grammar and to develop listening, speaking, reading and writing skills in Tamil.

The Course Contents: Introduce Tamil Alphabet and Get Practice to Write the Letters, Vowels and Consonants, Use the Alphabet and Construct Simple Words, Introduce Nouns and Verbs, Tenses and Get Students to Practice Basic Reading, Reading and Writing Exercises and Practical Works.

MIT 12013 - ENTREPRENEURSHIP & SMALL BUSINESS MANAGEMENT

The aim of the course is to provide the students with the theoretical and practical knowledge of small business management and entrepreneurship and its related issues that will enable the students to manage small and medium scale enterprises.

This course includes Introduction to Small Business Management, Nature of Entrepreneurship, Business Development Support Systems, Small Business Management Practices, Entrepreneurship and Culture, Business Expansion and Diversification and Financial Requirements and Feasibility Analysis.

MIT 12023 - BUSINESS ECONOMICS

The objectives of this course are to acquire the great brawl of business economics by the students, to provide exposure of econometric software in the application of business economics and to make decision in business organization by applying of the basic concepts, theories, and models in business economics.

This course includes Introduction to Business Economics, Theory of Consumer Behaviour in the Market, Demand Forecasting, The Analysis Production Function and estimation, The Competitive Market Environment and Introduction to Macro

economics.

MIT 12033 - MARKETING MANAGEMENT

The objective of this course is to provide the students with an understanding of the fundamental aspects of marketing with its development and its changing role within a variety of organizations in the context of rapid process of globalization.

This course includes Understanding Marketing Management, Capturing Marketing Insights in the IT Era, Connecting with Customers, Customer Database and Database Marketing, Building Strong Brands, Shaping the Market Offerings, Delivering Value and E-Commerce Marketing Practices, Communicating Value and Creating Successful Long - Term Growth. Marketing Management, Capturing Marketing Insights in the IT Era, Connecting with.

MIT 12043 - SYSTEM ANALYSIS AND DESIGN

The objective of this course is to analyze of an existing system and design a new system. This course introduces skills that students will meet to work in a highly competitive computer integrated business environment. The course provides the students with the skills to identify business problems which may be sought by technology based solution determine requirements for information system solution and develop detailed design which form the basis for implementing system.

The Course contents: Software Development Life Cycle, Analysis of Existing System and New System Requirements Gathering and Specification, Strength and Weaknesses of Different Approaches, Analysis Techniques, Communication with Users, Notation and Tools and System Documentation.

MIT 12052 - FUNDAMENTALS OF FINANCIAL ACCOUNTING

Financial Accounting Fundamentals is a comprehensive first course in accounting. Emphasis is on concepts and practices that will be useful to students throughout their careers.

Contents: Introduction Accounting; Business Information & users of accounting; Definition of accounting; Management Accounting & Financial Accounting, Financial Accounting Transaction; Cash receipts and payments; maintaining a cash book, petty cash book, posting to ledger and preparing a bank reconciliation; Double entry bookkeeping, Financial Accounting transactions (subsidiary Book of Accounts and Control accounts), Financial Accounting Transactions (General Journal), Preparation of financial statements, - Sole proprietorships, Manufacturing Account and Income & Expenditure statement, preparation of Financial statements - partnerships, Preparation of Financial Statements - Limited liability companies (for internal purposes), Accounting systems and Procedures, Preparation of Financial statements from incomplete records.

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

MIT 12063 - DATABASE DESIGN & DEVELOPMENT

This is a specialized course in Database Design and Development. The course consists of two modules. Module - 01 is theoretical and covers importance of the databases to different user group, database development process, different modeling techniques and database designs and development and accessibility, data/ database administration and data warehousing. Module - 02 the practical component, covers the usage of structured query languages. (SQLs) on different database platforms.

SLA 12022 - SINHALA LANGUAGE - II (FOR TAMIL SPEAKING STUDENTS)

Advance Sinhala Grammar, Advance Essays and Comprehension, Basic paragraph Writing, Essay Writing, Telegram Writing, letter writing, Formal Letter, Informal letter Using the Sinhala Language practically, Reading Newspapers, Listening Comprehension, Introduction to Basic Sinhala Literature.

TLA 12022 - TAMIL LANGUAGE - II (FOR SINHALA SPEAKING STUDENTS)

The objective of the course unit is to introduce the Tamil Language at advance level, to give the knowledge about the advance Tamil Grammar, to develop advance reading and writing skills in Tamil.

The Course contents: Advance Tamil Grammar, Basic paragraph and Essay Writing, Letter writing: Formal, Informal, Filling Application Forms, and Practical Tamil Language Use Introduction to Basic Tamil Grammar.

MIT 21013 - HUMAN RESOURCES MANAGEMENT

The objectives of this course are to make students to indicate and explain various human resource management interventions that may be required when dealing with the work environment, people, and problems. In particular, the student should be able to critically analyze organizational situations, prescribe courses of action necessary for problem solving, and integrate the steps necessary for effective implementation using information technology.

This course includes Human Resource Management- An Overview, Job Analysis, Human Resource Planning, Recruitment, Selection, Training and Development, Performance Evaluation, Compensation and Benefits, Labor Relations, Safety and Health and Employee Discipline.

MIT 21023 - INFORMATION TECHNOLOGY FOR MANAGEMENT

Information Technology for Management module has been identified as an important concept that should be learned by the students to use IT in the practical industrial environment. The main objective of learning this course is to know how we can generate value through the use of technology.

This course includes about the IT support and application in an organization, functional applications and transaction processing of the organization, Enterprise system, managing the knowledge, how managerial decision can be taken with IT support systems, IT application acquisition and the options for that and more.

MIT 21033 - COMPUTER NETWORK AND SYSTEMS ADMINISTRATION

The objectives of this course are to provide theoretical & practical knowledge required to perform management of computer systems and networks and administration tasks on specified operating platform.

This course includes Data Communication Concepts and Terminology, Transmission Media, Error Control, Introduction to Systems and Network Administration, Host Management, Network Administration, Host and Network Security and Installing and Upgrading System Software.

MIT 21043 - SOCIAL & PROFESSIONAL ISSUES IN IT

The aim of this course of study is to give the students an understanding of fundamentals of law and the legal system of Sri Lanka and the substantive areas of law pertaining to business and commerce including that of electronic transaction.

The course of study incorporates Introduction to Laws; Source of law, Introduction to the Legal System of Sri Lanka, Court System of Sri Lanka, Law of Contract; Nature of Contracts, Formation of Contract, Form of Contract, Capacity to Contract, Reality of Contract: Void, Voidable, Unenforceable Contracts and Mistake, Misinterpretation Undue Influence and Duress, Discharge of Contract, Breach of Contract and Remedies, Law of Agency; Formation and Termination of Agency, Rights and Duties between Principal and Agent, Relationship with third Parties, Sale of Goods, Form and Subject matter of the contract, Condition and Warranties, Title to Goods, Rights of Buyer and Seller, Hire Purchase, Law of Partnership, Creation of Partnership and Its Name, Relations of Partners & with third parties, Change of Partners, Dissolution of Partnership, Negotiable Instruments, Bills of Exchange; Cheques, Promissory Notes, An introduction to certain new statutes related to electronic transactions & commerce; Electronic Transactions Act No. 19 of 2006, Computer Crimes Act, Consumer Protection Act, Intellectual Property Act No. 36 of 2003.

MIT 21053 - BUSINESS COMMUNICATION

The objective of this course is to teach effective communication skills vital for success in business.

The Course contents: An overview of Communication in Business; The Nature and Implications, The Process of Communication, The Communication Barriers; Strategies for Written Communication; Business Letters, Memorandum, Circulars, Direct

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

Marketing Letters and Briefs, Reports, Press Releases, Advertising and Telesales Scripts, Job Descriptions and Advertisements; Strategies for Oral Communication: Listening, Non Verbal Communication, Presentation and Speeches, Visual Communication & Statistical Information, Effective Use of Telephone; Career Strategies; Self-Assessment, Strategies in Getting Interview, Job interview, Interviewing and Interviewer; Strategies for Today's Business Climate and Information Technology; Word Processing and Data Based Documents, Electronic Media, Power Point Presentation.

MIT 21062 - COMPUTER APPLICATION FOR ACCOUNTING

This is a specialized course that deals with selected spreadsheet applications related to accounting.

The Course contents: Micro Programming Preparation of Income Statements, Bank Statement, Budgeting, Investment Analysis, Financial Statement Analysis, Cost Accumulation and Appointment, Case flow Analysis, Depreciation Analysis, Inventory Analysis, Purchasing Analysis, Final Accounts, Capital Budgeting, Cost Volume Profit Analysis using charts, Variance Analysis, Introduction to Computerized Accounting Using Small Business Packages MYOB.

MIT 22013 - QUANTITATIVE TECHNIQUES FOR MANAGEMENT

The objective of the course is to provide a comprehensive knowledge and skills in quantitative techniques that will enable the students to analyze managerial problems with the use of information technology for more effective decision making.

This course includes Linear Programming, Transportation Problem for Decision Making, Assignment Problem for Decision Making, Net Work Analysis: PERT/CPM, Queuing Theory, Decision Theory and Inventory Control.

MIT 22023 - MANAGEMENT INFORMATION SYSTEMS

The objective of the course is to make the students aware of the importance of Information Technology in managerial decision – making. Aspects of major concern are conceptual foundation of information system and information systems development.

The Course contents: Information System and Management Information System, Information System Concepts and Fundamentals, Information Requirements for Modern Data Collection, Designing Information Outputs: A User Orientation; An Overview of Modern Data Processing Resources and Methods of Processing; An Introduction to Computer Hardware and Software; Input, Output Devices, Storage Media, Computer Processing and Data Transmission, Principles of Programming, Elements of Software Development; System Analysis; System Fundamentals, General System Design and Detail System Design and System Evaluation, System Implementation, Control of an Implemented System; Feedback Loops and Timing of Control Actions; Types of Control Systems; Data Base Management System; Data Base Concept, Coding Sorting, and

Searching Data, Types of Data Organization - Physical and Logical; File Storage and Processing Considerations; Behavioural Aspects of Information Technology; Levels of Management and Information Systems, Ethics in Information System; E-Business and Its Impacts in Information System; An Introduction to Accounting Information System; Computerized Accounting System.

MIT 22033 - VISUAL PROGRAMMING

The objectives of this course are to give firm foundation on visual programming and methodology, various Visual Tools, advantages and limitations of visual programming, to train to work on Dot Net frame work and use Visual C# as a Visual Programming Tool and to make the students be able to develop applications using Visual C#.

This course includes Basics in C#, Classes and Object Orientation in C#, Handling Exceptions, Building Windows Applications, Windows and Dialogs, Lists, Menus and Toolbars and Database Programming.

MIT 22043 – WEB APPLICATION DEVELOPMENT

The objectives of this course are to provide opportunities to gain sufficient Practical and Theoretical knowledge in the field of Web surfing, to motivate the student to get used to the new technology introduced in web technology and write server-side scripts within HTML to communicate with a web server and database.

This course includes Internet / Web basics, Web Design overview, Introduction to Hypertext Mark-up Language (HTML), Introduction to client Site Script, Understanding Server Side Technologies, Introduction to Open Source: PHP, MYSQL Basics and Developing Dynamic Websites Hosting.

MIT 22053 - JAVA COMPONENTS AND TECHNOLOGIES

The objectives of this course are to have a wider and in-depth understanding of the concepts and technologies of financial decisions, to apply relevant technologies in identifying, evaluating and solving specific management problems, and to construct and use sound and efficient computer models in order to solve such problems satisfying management decision-making needs in the operation of the business under varying circumstances.

This course includes Management Accounting and IT, Financial planning & budgetary process, Short term decision-making, Investment Appraisal, Capital Budgeting Strategy and Planning Risk and Reports.

MIT 22062 - HUMAN COMPUTER INTERACTIONS

The objectives of this course are to explore JDBC and use it to connect to a database, retrieve meta data, and execute a SQL query, to implement servlets, Java Server Pages, and Enterprise JavaBeans, which are trendsetting technologies at present, etc.

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

This course includes Introduction to Java Applets, Graphical User Interface Components, Graphical User Interface Components, Java Servlets, Java Server Pages (JSP), Building a Login System, Personalizing the Site and 8. Displaying Dynamic Content.

MIT 31013 - OPERATIONS MANAGEMENT

The objectives of the course are to provide the theoretical as well as practical issue in operation management, to provide how manage resources effectively in a system, to provide the concept of location strategy, to explain how to organize the layout efficiently, to analyze the problems in operations management and to explain how the field of operations management can provide direction in gaining and maintaining Competitive Advantage.

This course includes Introduction, Meeting the Competitive Challenge in Operations, Capacity planning, Systems design and process selection, Location Strategy, Layout, Supply Chain Management, Quality and productivity, Introduction to quality assurance in Software Development, Quality management tools and techniques and Job Design and Work measurement.

MIT 31023 - SOFTWARE PROJECT MANAGEMENT

The objectives of this course are to develop wider and broader knowledge among students with respect to project planning and management in dynamic business environment, in diverse projects and diverse organizational structures.

This course includes Introduction to project management, Project management framework, Project management processes, Project integration management, Project scope, Project time management, Project cost management, Project quality management, Project HRM, Project communication management, Project risk management, Project procurement management, Other contemporary issues in Project management, Financial perspectives of project management and Case studies and critical incidents in project management.

MIT 31033 - INFORMATION SYSTEMS SECURITY

The objectives of this course are to understand the concept of symmetric key and asymmetric key cryptography, to understand the security requirements of an information system, to describe the functionality of practical cryptographic protocols, to identify the security requirements of operating systems, databases and programs and to design new security solutions for address the security issues in open network environments.

This course includes Basic Encryption and Decryption, Secure Encryption Systems, Applied Cryptography, Protocols and, Operating System, Database and Program, Security in Networks and Distributed, Web and Secure Electronic Mail.

MIT 31043 - SOFTWARE ENGINEERING

The objectives of this course are to perform software engineering activities in project planning, test planning, requirement gathering, validation, specification, analysis, design, and prototyping, to apply software engineering practice and process to software design and development, to demonstrate the ability to gather, analyze, develop, verify and validate artifacts of software engineering systems and to use software tools effectively in the major phases of software development.

This course includes Why Software Engineering, Modeling the Process and Life Cycle, Planning and Managing the Project, Capturing the Requirements, Designing the System, Concerning Objects, Writing the Programs, Testing the Programs, Testing the System, Delivering the System, Maintaining the System, Evaluating Products, Processes, and Resources, Improving Predictions, Products, Processes, and Resources and The Future of Software Engineering.

MIT 31053 - E - COMMERCE

The objectives of this course are to make the students understand of a broad range of Internet tools, define electronic commerce and its benefit, implement and maintain a secure electronic commerce website, describe current technologies and future trends in electronic commerce and describe most suitable electronic commerce practices for Sri Lanka.

This course includes Introduction to Electronic Commerce, Electronic Commerce Systems, Sri Lankan Contexts for Electronic Commerce, Business Models for E – Commerce, E – Payment Systems, Technologies for Electronic Commerce Systems, Mobile Commerce & Technology.

MIT 31063 - STRATEGIC MANAGEMENT

The objectives of this course are to provide the theoretical as well as practical knowledge in strategic management, to provide why strategic management is important on the success of the enterprise, to explain the issues in implementing the chosen strategy, to discuss the activities of the external environmental analysis process, to explain the strategic management process, to analyze the problems in an organization and develop the strategic Plan and to explain how to formulate corporate and business strategies.

This course includes Introduction, Strategic Thinking, Strategic Models, Strategic formulation process, Alternative strategies, Strategy Selection Process, Strategy implementation and Evaluation and Strategy related Case studies analysis.

MIT 31072 - INTEGRATIVE PROGRAMMING AND TECHNOLOGIES

Organizations typically use many disparate technologies that need to communicate and work with each other. A key component to the discipline of Information Technology is the integration of applications and systems. This knowledge area examines the various

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

types of programming languages and their appropriate use. The course addresses the use of scripting languages, architectures, application programming interfaces and programming practices to facilitate the management, integration and security of the systems that support an organization.

MIT 32046 - SOFTWARE DEVELOPMENT PROJECT

The main objective of this project is to make student put all what he would have learnt throughout his/her degree program.

Students will be tasked to study any institution, let it be for-profit or not-for-profit, and its system. And then the student will be developing an Information System if there is no system in practice or he will be tasked to find the shortcoming or gaps on existing system and integrate the new features.

- b. Students will be studying the system by physically visiting the shop-floor, interviewing managerial people as well as functional people on the bottom-line, filling up questionnaires, etc.

The project will of chapters like Introduction to the System, Requirement Analysis, Design, Testing, Implementation, and Support and Future Improvement.

4. EXAMINATION PROCEDURES

4.1. Conducting the Examination

The end-semester examination of a course unit shall be held at the end of the semester in which the course unit is completed. Continuous Assessments for a course shall be assessed throughout the course during the semester.

4.2. Eligibility for Sitting Examination

4.2.1. Registration for a Degree and Courses

A person who has been registered in the university as an internal student for a particular degree can sit for relevant examinations. Students who fail to complete their intended degree at the end of the specified period should renew their registration to be eligible to re-sit for failed course units/ credits at the next available opportunity.

4.2.2. Examination Entry Form

A student to sit for an examination should submit an application in the prescribed form within the stipulated period. The eligible students will be issued with an admission card for the particular examination.

If any student found guilty on signature forgery on Examination Entry application form, action will be taken to prohibit him/ her to sit the particular examination immediately and action shall be taken according to the rules and regulation stipulated by the law of the University.

4.2.3. Attendance for Lectures

Eighty percent (80%) attendance is compulsory for both theory and practical sessions. A student who has less than 80% attendance for a particular course unit will not be allowed to sit for the end-semester examination of that course unit. Such candidates will have to sit for that particular exam at the next available opportunity.

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

4.2.4. Sickness during Academic Session

If a student who falls sick during the academic session, he/she or his/her guardian should inform about the illness to the Registrar of the Faculty within a period of 48 hours in writing. This information should be confirmed within a period of two weeks with a valid medical supporting document.

However, in a semester, if a student is unable to attend continuously for eight (08) academic weeks, the student is deemed to be withdrawn from the particular academic year and needs to commence his/her studies from the next academic year in which semester he/she stopped in the previous year.

4.3. Repeat Candidates

4.3.1. If a candidate misses the First Attempt

Any examination conducted by the faculty will not be repeated. Therefore a student may re-sit for the examination of a particular course unit only at the next available opportunity.

4.3.2. Sickness during the Examination

If a student who falls sick during the examinations, he/ she or his/her guardian should inform this to the Registrar of the faculty within a period of 48 hours in writing. This information should be confirmed with a valid medical supporting document to the Head of the Department within a period of two weeks from the last date of the particular semester examination. However, the Senate will take the final decision with regard. If the Senate approves the medical certificate, the student has to sit for the course unit in the next immediately available examination that falls in the particular semester.

The excuse will be granted only if the absence is due to a grave cause such as the student's serious ill health, or any other cause which is accepted by Faculty Board and approved by the Senate.

Further, students who have submitted the request in this regard for allow to sit fresh/ repeat based on the above fact will be decided by the Faculty Board and Senate.

4.3.3. Lower grades can be improved

A student who has obtained C-, D+ or D for a particular course is advised to repeat it. However, if the grade obtained in the second sitting is less than that of the first sitting, he/ she shall be entitled to his/ her former grade. The maximum grade for a credit repeated shall be C or grade point 2.0.

4.3.4. Maximum Number of Attempts

A candidate cannot repeat an examination more than three times. A grace chance may be permitted with the approval of the Faculty Board and the Senate. However, during the period of repeating the examination, student's registration should be valid.

4.3.5. Medical Certificate

This is a document that confirms the format of Medical Certificate issued by the government hospital. Such a Medical Certificate should be obtained from any one of the following medical practitioners.

A University Medical Officer (U.M.O.), District Medical Officer (D.M.O.), consultant Specialist in a particular field or an Ayurveda Physician Registered in the Ayurveda Medical Council. Under the exceptional circumstances, a medical certificate issued by a private hospital or a Sri Lanka Medical Council (SLMC) registered private practitioner endorsed by the University Medical Officer may be accepted.

4.4. Re-sitting for Examination

4.4.1. Opportunity to re-sit

The first re-sit supported by a valid medical certificate and/or the approval of the Faculty Board and the Senate shall be considered as the first attempt.

4.4.2. Improving Lower Grades

A candidate, even with E grades may proceed to the following year of study.

However, he/she should repeat those course units at a subsequent examination.

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

4.4.3. Maximum period to complete a degree programme

The student would be allowed a maximum period of six academic years to complete a three year general degree and seven academic years for a four years' special degree from the date of first registration, excluding periods of absence caused by medical or poverty or other valid reasons acceptable to the Faculty Board and Senate.

4.4.4. Re-sit an Examinations

Any examination conducted by the faculty will not be repeated. Therefore a student may re-sit for the examination of a particular course unit only at the next available opportunity.

4.5. Special Needs Student

The special needs students may be given 30 minutes extra time for a total hour of the examination if prior approval is obtained from the Faculty Board and Senate based on the medical advice.

4.6. Releasing Examinations Results

When the results of the end-semester written examination of all the course of a particular semester are received by the Examination Branch, the Senior Assistant Registrar/ Examinations will summon a Board of Examiners chaired by the Vice-Chancellor. Dean of the Faculty, all Heads of Departments of the Faculty, all the Professors in the Faculty and examiners of all the examinations conducted in that particular semester shall be the members of the Board. The Board will release the overall performance of the students in that semester giving the GPA scored by the students in that semester. The Board shall also release the overall GPA scored by the students up to that semester.

4.7. Re-scrutiny of examination marks and grades

Students are given the opportunity to apply for Re-scrutiny of examination marks and grades. The students who desirous of getting his/her answer script(s) re-scrutinized may apply on the prescribed application form available at the Academic and Examination Branch or the Dean's office. The application should

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

be submitted within two weeks from the release of the results (after issuing the detail result sheet).

A processing fee of Rs. 500/- (subject to revision) per subject of an examination shall be charged for verification of the marks and grades and the application forms will be accepted only upon submission of receipt of the payment.

5. EVALUATION CRITERIA

5.1. Introduction

Students are evaluated by both continuous assessments and end-semester examinations. The continuous assessments could be in the form of tutorial examination, presentation, reports, multiple choice questions, quizzes, assignments etc., and in the case of practical courses, projects and case studies, etc. The methods of assessments could be different depending on the nature of the course unit. The continuous assessments are held throughout the course of study and are not repeated. Therefore, regular attendance for lectures and practical sessions is very important.

5.2. Course Unit

Each course requires a Final Examination at the end of each semester, which is held during the end semester period. The duration of the examination can vary depending on the requirement for each subject. However, duration of a question paper for end-semester examination shall be to 1-4 hours depending on the credit value of the course unit.

5.3. Evaluation of Dissertation/ Project Report

All students should carry out the Dissertation/Project work at their final Year of study. The title of the Dissertation/Project work shall be made available by the students at the beginning of the final year for approval. The students are expected to commence their research activities from the beginning of the final year of first Semester.

The Dissertation/Project Report is assessed continuously and marks are allocated as follows:

- Final Presentation (Compulsory) - 30%
- Dissertation/Project Report - 70%

The final presentation shall be conducted by the respective Department at the end of the second semester of the final year.

The deadline for submitting Dissertation/ Project Report shall be the end of the second semester of final year. Three copies of the Dissertation for BBA and B.Com /Project Report for MIT should be submitted to the respective Departments.

Dissertation/ Project Report submitted after the stipulated date shall be considered only at the next Fourth Year Second Semester Examination.

5.4. Scheme of Grading

The marks obtained for each course unit will be assigned a grade and a grade point. The range of marks is partitioned into a sequence of suitable sub-ranges and the sub ranges are represented by the Grades. These grades are assigned Grade Points according to the following scheme.

Marks Range	Grade	Grade Points
75 and above	A+	4.00
70 - 74	A	4.00
65 - 69	A-	3.70
60 - 64	B+	3.30
55 - 59	B	3.00
50 - 54	B-	2.70
45 - 49	C+	2.30
40 - 44	C	2.00
35 - 39	C-	1.70
30 - 34	D+	1.30
25 - 29	D	1.00
00 - 24	E	0.00

5.5. Calculation of Grade Point Average (GPA)

GPA is the credit-weighted arithmetic mean of all the Grade Points (GP) obtained by a student for the course units he/she offered for a particular academic year. This will be calculated to the second decimal place according to the following formula.

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

$$\text{GPA} = \frac{\sum_{i=1}^N (\text{Credit Hours}) \times (\text{Grade Point } i)}{\sum_{i=1}^N (\text{Credit Hours})}$$

Where, G_i is the GP of the i^{th} course unit, N_i is the number of credits belonging to the i^{th} course unit.

For example, a student who has completed 6 course units worth of 18 credits in a semester, with following grades and credit values. The GPA is calculated as follows.

Course Title	Letter Grade Earned	Grade Point	Credit Point	Grade Point Value Earned
General English - I	A+	4.00	02	8.00
Information & Communication Technology	A+	4.00	03	12.00
Mathematics for Business	B+	3.30	03	9.90
Micro Economics	B	3.00	03	9.00
Principles of Management	C	2.00	03	6.00
Psychology for Life	D	1.00	02	2.00
Tamil Language - I OR Sinhala Language - I	C+	-	02*	0.00
Total			16	46.90

* :Not counting for class awarding. However, students should earn minimum pass for awarding a degree.

$$\begin{aligned} & \{(2 \times 4.0) + (3 \times 4.0) + (3 \times 3.3) + (3 \times 3.0) + (3 \times 2.0) + (2 \times 1.0)\} / 16 \\ & = 46.9 / 16 \\ & = \mathbf{2.93} \end{aligned}$$

5.6. Release of Examination Results

End Semester examinations shall be conducted for each course unit at the end of the semester in which the teaching of the course is completed. The examinations shall be conducted by the Examination branch of the University.

The date and time of the end semester examinations shall be decided at the beginning of each semester by the Dean in consultation with the Heads of Departments.

When the results of the end semester examination of all the course units of a particular semester are received by the Examination Branch, the Examination Branch will summon a Board of Examiners chaired by the Vice-Chancellor. Dean of the Faculty, All Heads of Departments of the Faculty, all the Professors in the Faculty and Examiners of all the examinations conducted in that particular semester shall be the members of the Board of Examiners. The Board will release the overall performance of the students in that semester giving the GPA scored by the students in that semester. The Board shall also release the overall GPA scored by the students up to that semester.

6. AWARD OF DEGREE

6.1. BBA Special Degree - Requirements for Award of Degree

- Pursue the relevant programme of study for a minimum period of four academic years, complete a total of 124 credits, and;
- Obtain a minimum GPA of 2.00
- Obtain grades of C or above in course units with not more than one poor grade (C- or D+ or D) per semester and total number of poor grades should not exceed 04 for the whole study programme
- No fail grade (**E**)
- Should complete auxiliary course units and
- Fulfill all the requirements above within a maximum of 07 academic years of original enrollment in the university other than approved medical withdrawal.

6.2. B.Com. Special Degree - Requirements for Award of Degree

- Pursue the relevant programme of study for a minimum period of four academic years, complete a total of 124 credits, and;
- Obtain a minimum GPA of 2.00
- Obtain grades of C or above in course units with not more than one poor grade (C- or D+ or D) per semester and total number of poor grades should not exceed 04 for the whole study programme
- No fail grade (**E**)
- Should complete auxiliary course units and
- Fulfill all the requirements above within a maximum of 07 academic years of original enrollment in the university other than approved medical withdrawal.

6.3. B.Sc. in MIT General Degree – Requirements for Award of Degree

- To be eligible, a candidate should have completed total of 97 credits, and should also have obtained the following;
- A minimum GPA of 2.00
- Obtain grades of C or above in course units with not more than one poor grade (C- or D+ or D) per semester and total number of poor grades should not exceed 03 for the whole study programme
- No fail grade (**E**)
- Should complete auxiliary course units and
- A candidate should have fulfilled all the above requirements within a maximum period of 06 academic years of original enrollment in the university excluding periods of absence caused by medical or other valid reasons acceptable to the Faculty board and Senate.

6.4. Requirement for Award of Class- BBA/ B.Com Special Degree

6.4.1. First Class Honors

A Student who is eligible for the BBA/ B.Com. (Special) Degree may be awarded First Class Honours if he or she;

- Shall have earned an overall GPA of 3.70 and above
- Earned grades of A+ or A in at least half of the courses in the degree programme.
- Obtain grade of C or above in all course units

6.4.2. Second Class (Upper Division)

A student who is eligible for the BBA/ B.Com. (Special) Degree may be awarded Second Class (Upper Division) honors if he or she;

- Shall have earned an overall GPA of 3.30 and above
- Earned grades of B or better in at least half of the courses in the degree programme.
- Obtain grade of C or above in all course units

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

6.4.3. Second Class (Lower Division)

A student who is eligible for the BBA/ B.Com. (Special) Degree may be awarded Second Class (Lower Division) Honors if he or she;

- o Shall have earned an overall GPA of 3.00 and above
- o Earned grades of B or better in at least half of the courses in the degree programme
- o Obtain grade of C or above in all course units

6.5. Requirement for Award of Class - B.Sc. MIT General Degree

6.5.1. First Class Honors

A Student who is eligible for the General Degree may be awarded First Class degree if he or she;

- o Shall have earned an overall GPA of 3.70 and above
- o Earned grades of A+ or A in at least half of the courses in the degree programme.
- o Obtain grade of C or above in all course units

6.5.2. Second Class (Upper Division)

A student who is eligible for the General Degree may be awarded Second Class (Upper Division) if he or she;

- o Shall have earned an overall GPA of 3.30 and above
- o Earned grades of B or better in at least half of the courses in the degree programme
- o Obtain grade of C or above in all course units

6.5.3. Second Class (Lower Division)

A student who is eligible for the General Degree may be awarded Second Class (Lower Division) if he or she;

- o Shall have earned an overall GPA of 3.00 and above
- o Earned grades of B or better in at least half of the courses in the degree programme
- o Obtain grade of C or above in all course units

6.6. Effective date of Degree

The effective date of degree shall be the following day of the last day of the completion of Second Semester examination of the final year.

For the repeat candidates the effective date of the Degree shall be the following day of the date of completion of examinations of the particular semester.

6.7. Award of Medals

- (i) Al-Haj. A.L. Ibralebbe memorial medal for the best student in Management.
- (ii) Al-Haj. A.M. Ismail memorial medal for the best student in commerce.

7. EXAMINATIONS RULES & PUNISHMENTS

7.1. By-Law No. 2 of 1996 for Conduct at Examinations

Prepared under section 135 of the Universities Act 16 of 1978 as amended by the Universities Amendment Act 7 of 1985 and approved by the University Council on 24.08.1996.

This By-Law may be cited as By-Law No. 2 and shall come into force on 15th July, 1996.

7.1.1. Rules pertaining to Conduct of Examinations:

Candidates shall be present at the Examination Hall at least 15 minutes before the commencement of each paper and shall enter the Hall only when they are requested to do so by the Supervisor.

On the admission to the Examination Hall, the candidates shall occupy the seats allocated to them.

No candidate shall have in his person or in his clothes or on the admission card, time table and record book or on any other object that is permitted to be brought to the examination hall. Any notes, signs, diagrams of formula or any other unauthorized materials, books, notes, parcels, file covers, bags etc. which the candidate has brought with him should be kept at a place indicated by the Supervisor or invigilator.

No candidate shall be admitted to the examination hall after the expiry of half an hour from the commencement of the examination nor shall a candidate be allowed to leave the hall until half an hour has elapsed from the commencement of the examination or during the last 15 minutes of the paper.

A candidate shall bring into the examination hall his Student Record Book or his University Identity Card which should bear the candidate's photography and his signature duly certified by the Registrar or the Authorized officer. If there is a discrepancy between the names indicated in the Record book or the Identity Card and the name under which the candidate appears for the examination the candidate shall produce a certificate endorsed by the Registrar to the effect that both names refer to one and the same person. In the absence of the above proof of identity a candidate

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

may produce his or her National Identity Card or a recently taken photography duly certified by an authorized person.

A candidate may be requested by the Supervisor to declare any items in his or her possession or person.

No candidate can either lend or borrow any material from any other candidate or attempt to communicate in any manner with another candidate or copy from the script of any other candidate. No candidate shall attempt to help another candidate or conduct him/ her negligently so that another candidate has the opportunity of copying.

Candidates shall write only on the writing paper issued during the current paper on that particular date and session.

Examination stationary (i.e. writing paper, graph paper, drawing paper, ledger paper, precise paper etc.) will be supplied as and when necessary. No sheet of paper or answer book supplied to a candidate may be torn, crumpled, folded or otherwise mutilated. No papers other than those supplied to him/ her by the Supervisor/ invigilator shall be used by candidates. Log tables or any other material provided shall be used with care and left behind on the desk. All materials supplied, whether used or unused, shall be left behind on the desk and not removed from the examination halls.

Every candidate shall enter his/ her Index Number on the answer book and every continuation sheet, before using such answer book or continuation sheet. No candidate shall write his/her name or any identifying mark on the answer script. Any candidate who inserts on his script an Index Number other than his/ her own is liable to be regarded as having attempted to cheat.

All calculations and rough work shall be done only on paper supplied for the examination and shall be cancelled and attached to the answer script. Such work should not be done on admission cards, time table, question papers, record books or on any other paper. Any candidate who disregards these instructions runs the risk of being considered as having written notes or outline of answers with intention of copying.

Every candidate shall conduct himself/herself in the examination hall and its precincts so as not to cause disturbance or inconvenience to the Supervisor or his staff or to other candidates. In entering and leaving the hall, he/she shall conduct himself/herself as quietly as possible. A candidate is liable to be excluded from the examination hall

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

for disorderly conduct.

No candidate shall submit a practical or field book dissertation or project study or answer script which has been done wholly or partly by anyone other than the candidate himself/ herself.

Candidates shall bring their own pens, ink, mathematical instruments, drawing instruments, erasers, pencils and calculator. No candidate shall bring a programmable calculator into the examination.

No person shall impersonate a candidate at the examination nor shall any candidate allow himself/ herself to be so impersonated by another person.

The supervisor/invigilator is empowered to require any candidate to make a statement in writing on any matter which may have arisen during the course of the examination and such statement shall be signed by the candidate. No candidate shall refuse to make such a statement or to sign it.

The foregoing examination offences may be broadly classified as follows:

- o *Possession of unauthorized documents and removal of examination stationary.*
- o *Disorderly conduct of a grave nature.*
- o *Copying.*
- o *Attempting to obtain or obtaining improper assistance or cheating.*
- o *Impersonation.*
- o *Aiding and abetting in the commission of these offences.*

7.2. Rules pertaining to the Conduct of Examinations:

Examination offences shall be reported by the supervisor of the examination to senior assistant registrar of the examinations. This will be inquired by the Examination Offences Committee appointed by the Vice-Chancellor. The findings of this Committee will be reported to the Senate. The Senate shall after consideration of the report, determine the punishments due to those found guilty of the examination offences.

7.3. Punishments for Examination Offences:

Type of Offences	Recommended Punishments
<ul style="list-style-type: none"> • Name written on Answer Scripts 	Written warning
<ul style="list-style-type: none"> • Possession of bag etc. on or near desk 	Written warning
<ul style="list-style-type: none"> • Possession of unauthorized materials <ul style="list-style-type: none"> a. Use any information devices in the Examination hall 	<p>Students will not be allowed to bring any electronic devices that can save/ possess information or be used to get/ transfer information.</p> <p>Cancellation of that particular paper and any other punishments recommended by the Senate</p>
<ul style="list-style-type: none"> b. Possession of relevant material on university stationary and/ or on/in the human body and/or any other display material 	<p>Whenever found while sitting for a particular paper,</p> <ul style="list-style-type: none"> • The admission card on which that particular exam paper falls will be cancelled. This implies that the particular paper and all the other exam paper/s mentioned in the given admission with this particular paper will be cancelled.
<ul style="list-style-type: none"> • Relevant material to relevant Subject 	
<ul style="list-style-type: none"> • Notes found in bags or near desk relevant to examination paper 	
<ul style="list-style-type: none"> • Possession of unauthorized formulae etc. which are relevant 	<ul style="list-style-type: none"> • This candidate will not be eligible for class awarding. • These all cancelled exam papers will be considered as repeat papers in future. • And any other punishments recommended by the Senate <p>Eg. Let a student sit for Second Year First Semester proper subject under an admission card A and few First Year First semester repeat subjects under admission card B.</p> <ul style="list-style-type: none"> - If this student is found guilty while sitting for a Second year subjects, then all the exam papers come under admission

	<p><i>admission with this particular paper will be cancelled.</i></p> <ul style="list-style-type: none"><i>• This candidate will not be eligible for class awarding.</i><i>• These all cancelled papers will be considered as repeat papers in future. and</i><i>• Any other punishments recommended by the Senate</i>
<ul style="list-style-type: none"><i>• Removal of University stationary and materials</i>	<p><i>Warning by the supervisor. If the candidate persists or any other punishments recommended by the Senate</i></p>
<ul style="list-style-type: none"><i>• Attempt to obtain improper assistance</i>	<p><i>Cancellation of paper and any other punishments recommended by the Senate</i></p>
<ul style="list-style-type: none"><i>• Not carrying out the Instructions of the Supervisor at the examination hall.</i>	<p><i>Verbal Warning by the supervisor. If the candidate persists written warning by the supervisor and any other punishments recommended by the Senate</i></p>

The Examination Offence committee has the right to recommend any other punishments to the senate for the reported offences that are not mentioned in the type of offences above. The effective date of this regulation is from 09th March 2010.

How to implement:

Examination Supervisor has to report to the Senate Sub Committee.

Senate Sub Committee has to report to the Disciplinary Committee for the action.

8. GENERAL INFORMATION

8.1. Student Registration

All students who are admitted to the university are required to register themselves before commencing their course of studies each academic year. Students are requested to submit duly completed registration form together with all documents requested to the Academic and Examination branch of the university on or before the date specified

8.2. Subject Registration

Students who are admitted to the faculty, requested to select courses available in the departments and register the selected courses for every semester of the every year. Students are not allowed to change the courses they have selected. Therefore, students are advised to study the subject combination of their choices carefully before registration within the stipulated period announced by the Office of the Dean. Duly filled subject registration form should be submitted at the office of the Dean with the signature of relevant subject teachers and Heads.

Students who fail to register for the courses during the specified period shall not be allowed to register without the approval of the Lecturer of relevant course and Head of the department followed by consultation of the Dean.

If any student found guilty on signature forgery on subject registration application, action shall be taken according to the rules and regulation stipulated by the law of the University.

8.2.1. Changing the Subject

If any student wishes to change subject(s), it will be allowed only within three (03) months from the commencement of the first year, first semester lecture programme. Late request shall not be entertained

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

8.3. Issue of Student Record Book and Identity Card

On completion of registration, the University will issue every student a Student's Record Book and an Identity Card bearing his/ her photograph duly embossed with the seal of the University.

Every student shall carry his/ her record book or identity card whilst in the University premises, and shall produce such record book or identity card when called upon to do so by any member of the academic, administrative or security staff of the University.

8.4. Renewal of Registration

All Students who continue their course of studies during their second and subsequent years are required to renew their registration at the commencement of each academic year on or before the date notified. Forms for renewal of registration are made available at Academic and Examination branch or the Office of the Dean. The form for renewal duly completed together with paying in Voucher bearing the bank seal as proof for the payment for renewal of fees prescribed by the University should be submitted to the office of the Dean on or before the closing date specified.

8.5. Payments for Registration

Details of fee are given below and the payments should be credited to the South Eastern University of Sri Lanka, Account No. 228-1001-9000-1704, People's Bank, Addalaichenai through the branch of the People's Bank.

Payments for Initial Registration for All Students

Registration Fees:	300/-
Medical Fees:	250/-
Library Deposit:	250/-
Undergraduate Guide:	300/-
Students Identity Card:	100/-

Those seeking Hostel Accommodation

Hostel Admission:	600/-
Key Deposit:	500/-
Hostel Fees (per year):	1200/-

Payments for Renewal of Registration for All Students

Renewal of Registration Fees:	150/-
Renewal of Medical Fees:	50/-
Fees for Repeat Courses (per course):	100/-
	(Maximum Rs. 400/-)
Loss of Identity Card (with Police Entry):	300/-
Loss of Record Book (with Police Entry):	150/-

8.6. University Libraries and Museum

The pivotal role of the Main Library is of academic nature as it is to serve the students and faculty members of this University to achieve the standard of excellence in their academic programmes. The Science Library at Sammanthurai Campus serves

the needs of the Faculty of Applied Sciences.

The collections and services of the library are designed to match the needs that range from basic support of the curriculum to the advanced research requirements of clientele. The Library delivers customer focused quality information products, services and programmes, creatively adjusts to changing information needs and innovatively responds to new challenges at national & international level.

Digital Knowledge Center, and an American Corner are unique facilities of the Main Library and the Library has a special feature of having a Centre for Physically Challenged to facilitate the users with special needs.

The Cultural Museum is an integral part of the Library, established in 1997. It is a kind of “General Museum”, depicting the heritage of Sri Lankan community viz: Sinhalese, Tamils and Muslims. It stands to serve the public with the exhibition of artifacts and manuscripts to glorify the monumental heritage of the communities in Sri Lanka. This Museum foster cultural awareness and cross cultural understanding among the different communities of Sri Lanka.

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

8.7. Student Support Service and Welfare

The Student Support Service and Welfare (SSS&W) is a central entity to which the students and others could bring their grievances and issues and seek solutions and reliefs. Similarly, it oversees the coordination and cohesion among several service divisions and units to ensure smooth functioning of the system, to remedy shortcomings and deficiencies, and to extend assistance for the students in need.

SSS&W encompasses six broader areas, namely Student services, Student accommodation and cafeteria services, Common amenities and services such as recreational and sports facilities, curative and preventive health care services and facilities for social, cultural, creative and aesthetic pursuits, Student welfare, grievance redress and counseling system that will coordinate with university authorities and faculty level student counseling system, Career Guidance Services, and Marshal and Security services.

Further, SSS&W will entertain any complaints/ problems/ grievances from students as regard to food and lodging and financial, education and health matters etc., and provides assistance to needy students in liaison with relevant divisions/ units.

8.8. Facilities and Services

The students have facilities in the University such as Library, Computer unit, Student Counselor's office, Proctor's office, Career Guidance Unit, Health Centre, Study room, Reading room, Places of worship, Multi shop, Co-op City, Sporting facilities, Canteen, Bank, Students' Unions, Societies, Hostels, Warden's and Sub Warden's office, Students' Welfare Office, Shroff's Office etc. Officers can be met by prior appointment.

8.9. Career Guidance Unit

As part of educational reform proposals, Career Guidance has been identified as a priority since 1998; practically every university has started some activities in this regard.

Career Guidance Unit at SEUSL conducts career related programmes in the following focal areas: counseling and advising on careers, employability skills enhancement, career-related information provision, networking with the industries, availing work experience, graduate placement, entrepreneurship skills development and conducting seminars, conferences, workshops, exhibitions, festivals, industry days, career fairs, out bound training, etc.

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

ANNEXURE – I

GENERAL CRITERIA FOR SUBMISSION OF DISSERTATION

- (I) The dissertation should be the candidate's own research work or case study.
- (II) The dissertation should be submitted in three copies.
- (III) Each copy should be clear and good quality (80GSM) of white paper (A4 size), (210mmx297mm).
- (IV) One type of paper must be used throughout the dissertation.
- (V) Paper of different quality and size may be used for figures, plates, maps, etc.
- (VI) Each copy shall be on computer typing. Same size and style must be used throughout the dissertation. It is recommended to type in English with 'Times New Roman' font, and to type in Tamil with 'Kalaham' font, would be an ideal. Font size must be 12 points. If you like to mention the translation in English, the size of English word or words behind shall be written after the Tamil word within brackets with font size 10 points.
- (VII) All typing should be on one side of the paper, 1.5 inch line spacing, with the left hand margin, right hand margin, top and bottom side margins from 1" - 1 1/2" (40-60mm).
- (VIII) Drawings, diagrams, map, tables, etc. Should be clear and the title year(s), number(s), origin of sources should be indicated and may be reproduced though photographic or other processes.

DETAILED GUIDELINES FOR PREPARATION OF A DISSERTATION
(Undergraduate)

01. Size of paper:

- leaf size – A4 on good quality white paper.
- The first and last leaf should be blank and of thick quality paper.

02. Margins of paper:

The text should be in 1.5” line spacing type (font 12- Times New Roman for body text) with the following margins.

Letter size for headings, sub headings etc, use of italics, bold type should be consistent within the thesis and follow correct scientific and language norms.

space to be left:

- Right side - 1”
- top and bottom - 1”
- Left side - 1.5” (Room for binding)

03. Font Cover Format:

Top	Full title (An English translation of the title should be given when the dissertation is written in another language.)
Middle	by Author’s Name (Index number)
Bottom middle	Name of the department, faculty and university Year of submission

04. Front Page Format:

The first leaf should be the title page having the following format:

Top	Full title (An English translation of the title should be given when the dissertation is written in another language.)
-----	--

UNDERGRADUATE GUIDE

ACADEMIC YEAR 2019/2020

Middle	by Author's Name (index number)
Bottom middle	Dissertation Submitted to the South Eastern University of Sri Lanka for the award of the Degree of Bachelor of Arts / Bachelor of Business Administration, Bachelor of Commerce / , Bachelor of Science in (Subject) on (Font – 16, Double Spacing)
Bottom middle	Name of the department, faculty and university year of submission

05. (A) Declaration of Candidate:

The second leaf of the thesis should have a signed declaration by the candidate starting that “I do hereby declare” (**Annexure 111**)

(B) Certification of Supervisors:

The third leaf should have a signed certification with the date by the supervisor/s certifying the work of the candidate starting that this is to Certify that” (**Annexure 1V**)

06. Table of Contents:

The Table of Contents should include followings:

Chapter No (ex:1)

Main Title (ex:1.1)

Sub Title (ex:1.1.1)

Sub-Sub Title (ex:1.1.1.1)

07. Acknowledgements

Acknowledgments should follow in afresh page.

08. Abstract

The abstract should follow on a fresh page. An English translation of the abstract should be given when the dissertation is written in another language.

09. Main Body of the Dissertation

Begin with the first page of the introduction and continues to the last page of the conclusions / Recommendations.

10. References

List of references should be given immediately after the text of the dissertation starting on a fresh page. Reference throughout the text of the dissertation as well as the list of references should follow one standard format.

11. Appendices

Appendices, if any, should follow this section. Appendices should be titled, numbered and when necessary, have explanatory notes.

12. Final binding

Black cover, lettering in silver and band should be in prescribed color by the faculty (Blue for Faculty of Management and Commerce).

13. Submission

Final three hard copies should be submitted to the respective Department.

RECOMMENDED FORMAT OF THE DISSERTATION

Dissertation:

- (I) Title page
- (II) Declaration, certification, and acknowledgments.
- (III) Table of Contents.
 - a) List of Tables
 - b) List of Figures
- (IV) List of abbreviations
- (V) Abstract
- (VI) Main Body of Dissertations
- (VII) References
